

An aerial photograph of a highway interchange under construction. Two large yellow tower cranes are prominent on the left side. The highway has multiple lanes, some of which are under construction with visible dirt and construction equipment. The background shows a dense line of green trees under a clear sky. The image has a blue-to-orange gradient overlay.

# POSITIONING SOUTH CAROLINA FOR A BRIGHT FUTURE

**SCDOT**

# Realizing the Promise of Infrastructure

**\$6B** in contracts

Up from \$1B just 10 years ago.

**\$4.6B** in 2017 Roads Bill Funds

Since the General Assembly's bold action.

**\$900M** in One-Time General Assembly Funds

For infrastructure in the past three years.

# 10-Year Plan Accomplishments

## RURAL ROAD SAFETY

The completed projects have seen a 20% reduction in Fatal and Serious Injury crashes

1116 miles

## PAVING

Approaching one-fourth of the 4<sup>th</sup> largest state highway system being repaved in the past 7 years.

>9150 miles

## BRIDGES

Bridges must continue to be a major focus and an area for additional investment

360 bridges

## INTERSTATES

Work is underway on nearly every interstate in the State

111 miles

# EVs Are a Small Part of the Fleet, but Rapidly Growing

**3.6%**

122,000 Hybrids and EV's out of 3.4M Registered Vehicles

**22%**

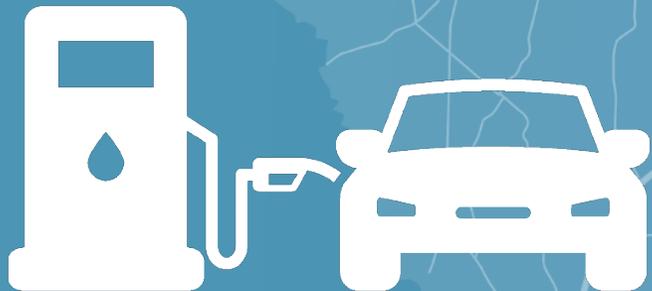

Average increase in total number of EVs and Hybrids added to our roads since 2020

# What Internal Combustion Pays versus EV

Pays

**\$200-\$300**

per year to support  
the system

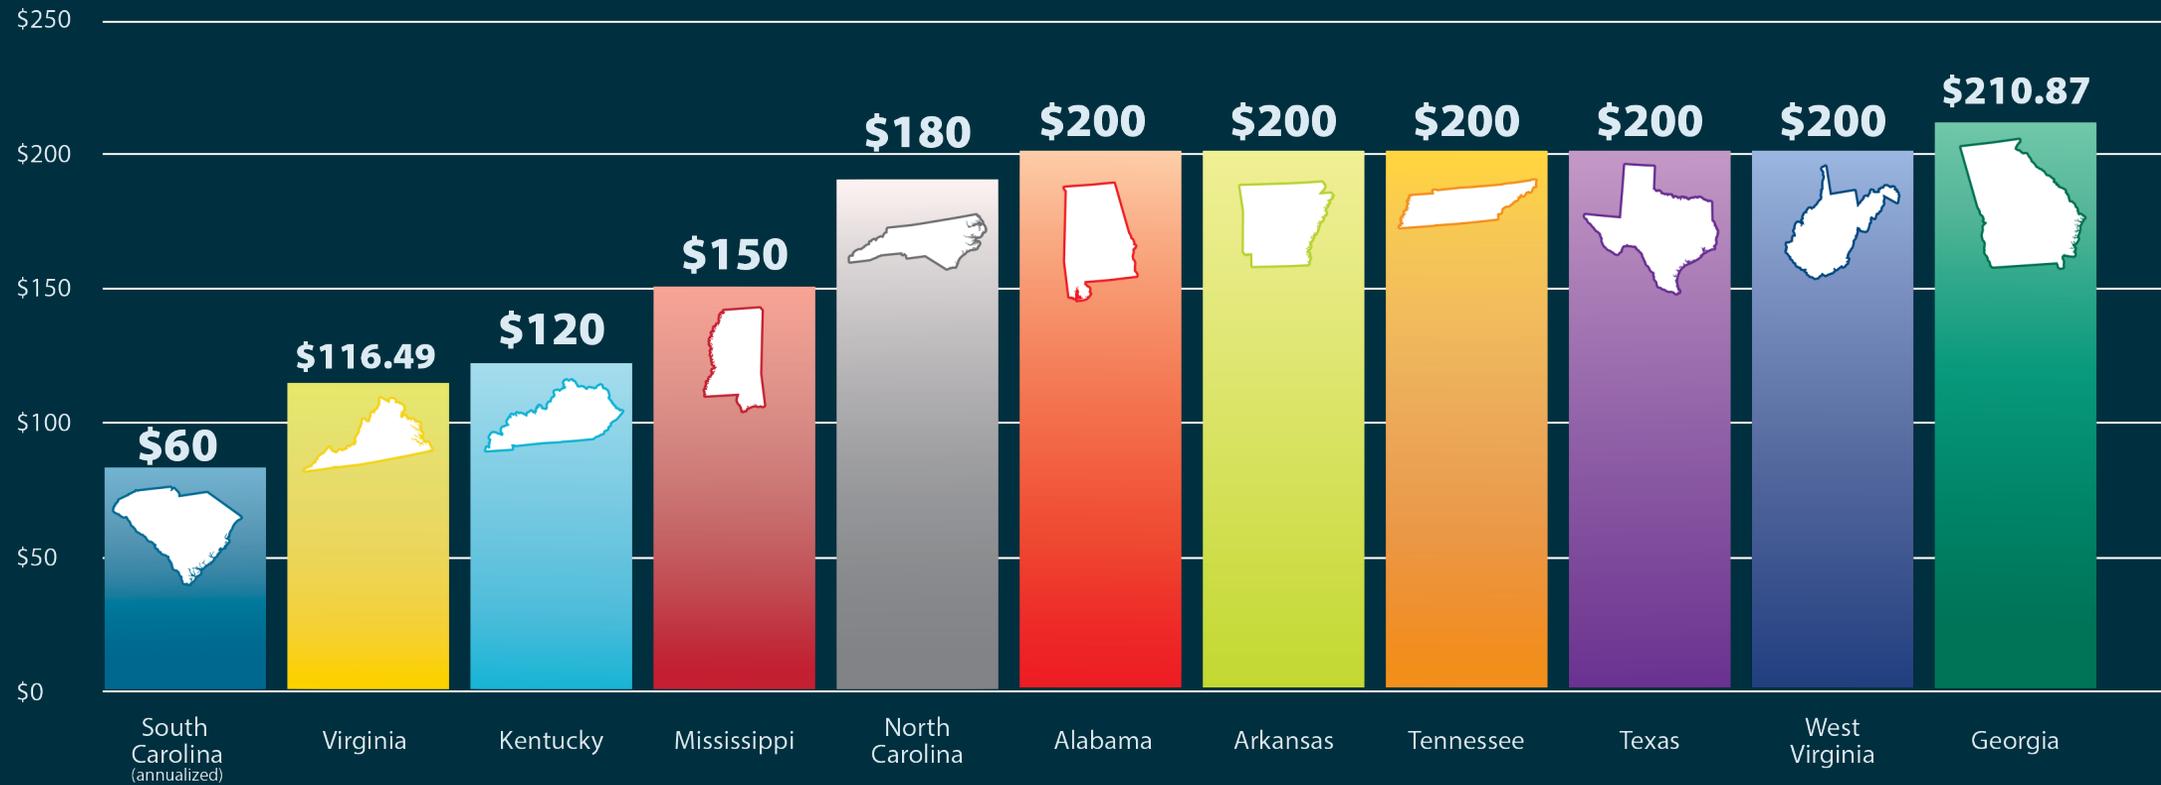

PAYS

**\$60**

per year to support  
the system

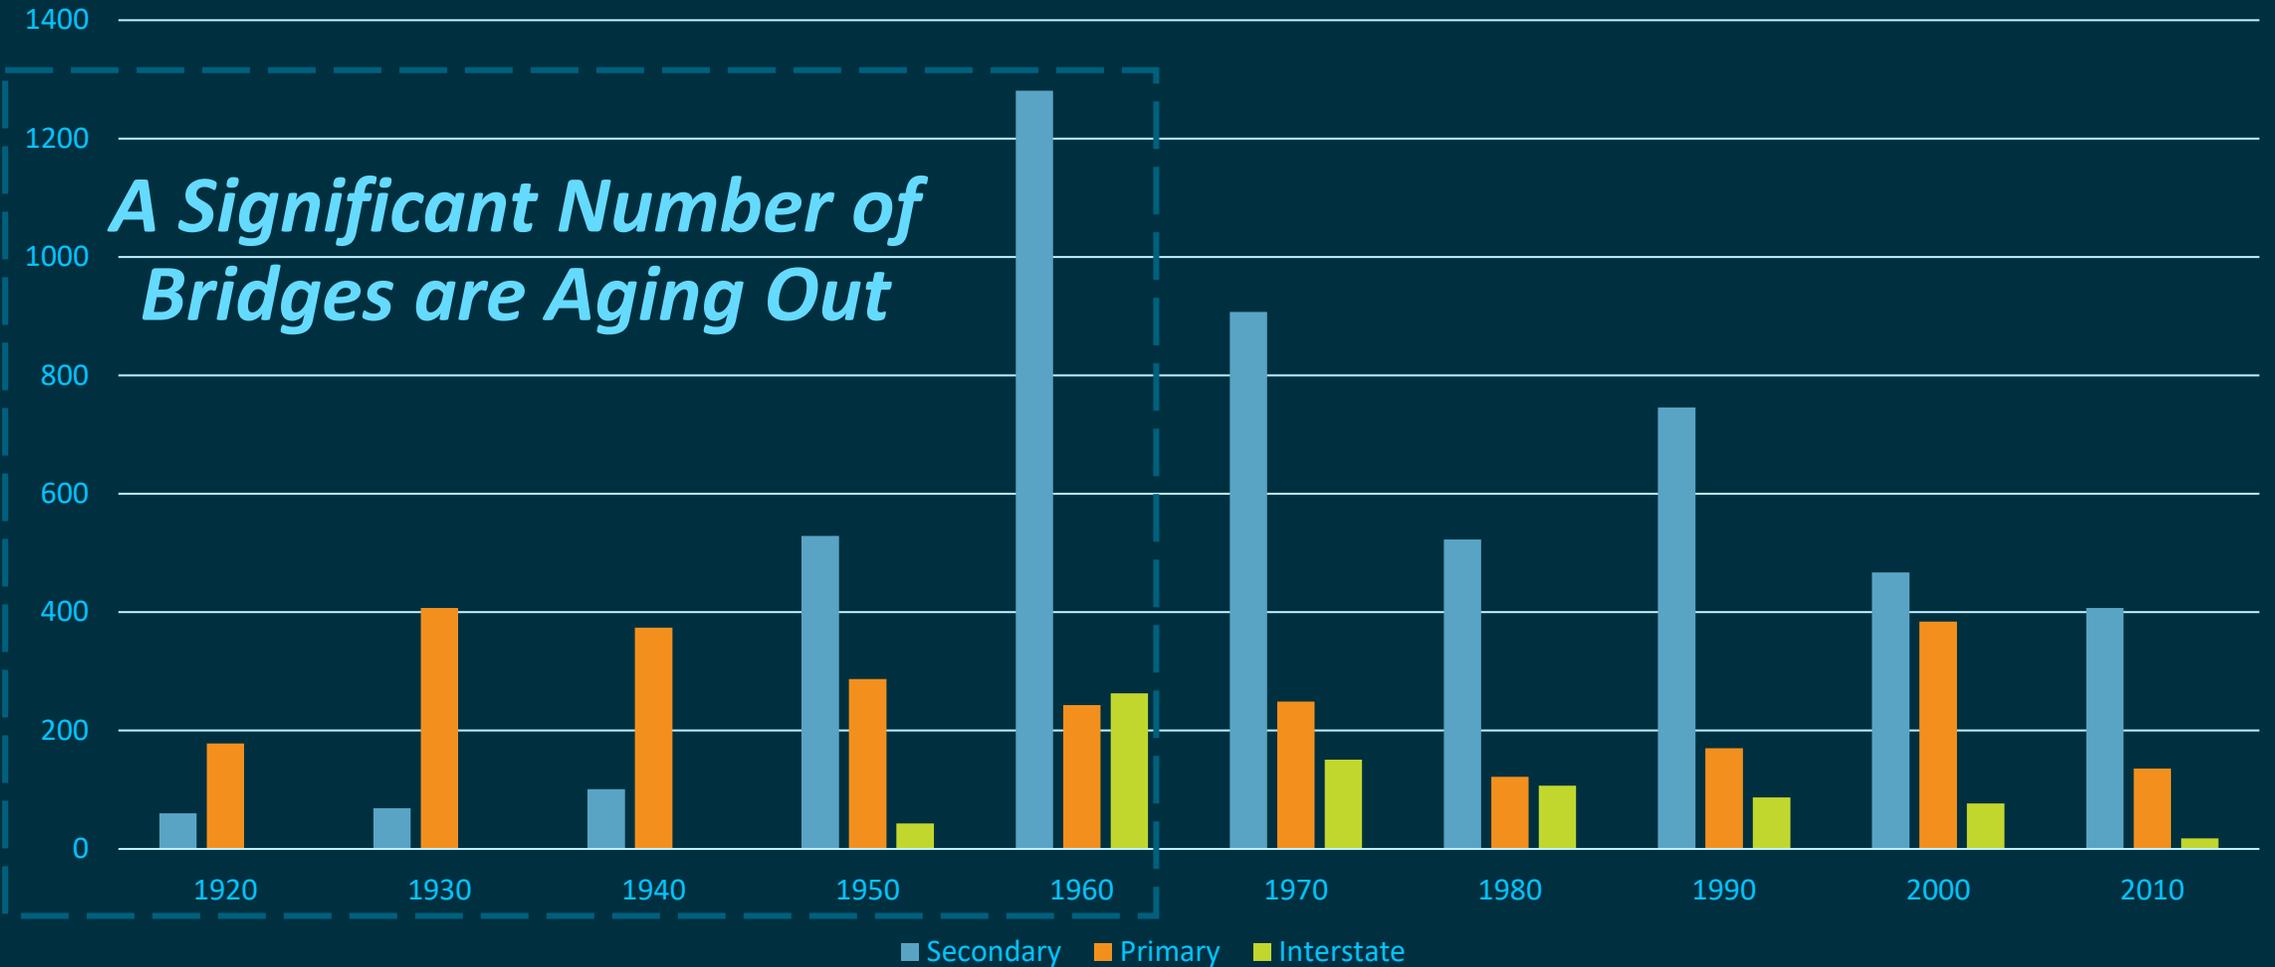

# Southeastern State Electric Vehicle Fees as of September 2024

\*Beginning January 1, 2027, Tennessee's fee increases \$274 annually then adjusts for inflation annually starting at \$274 in January 2028

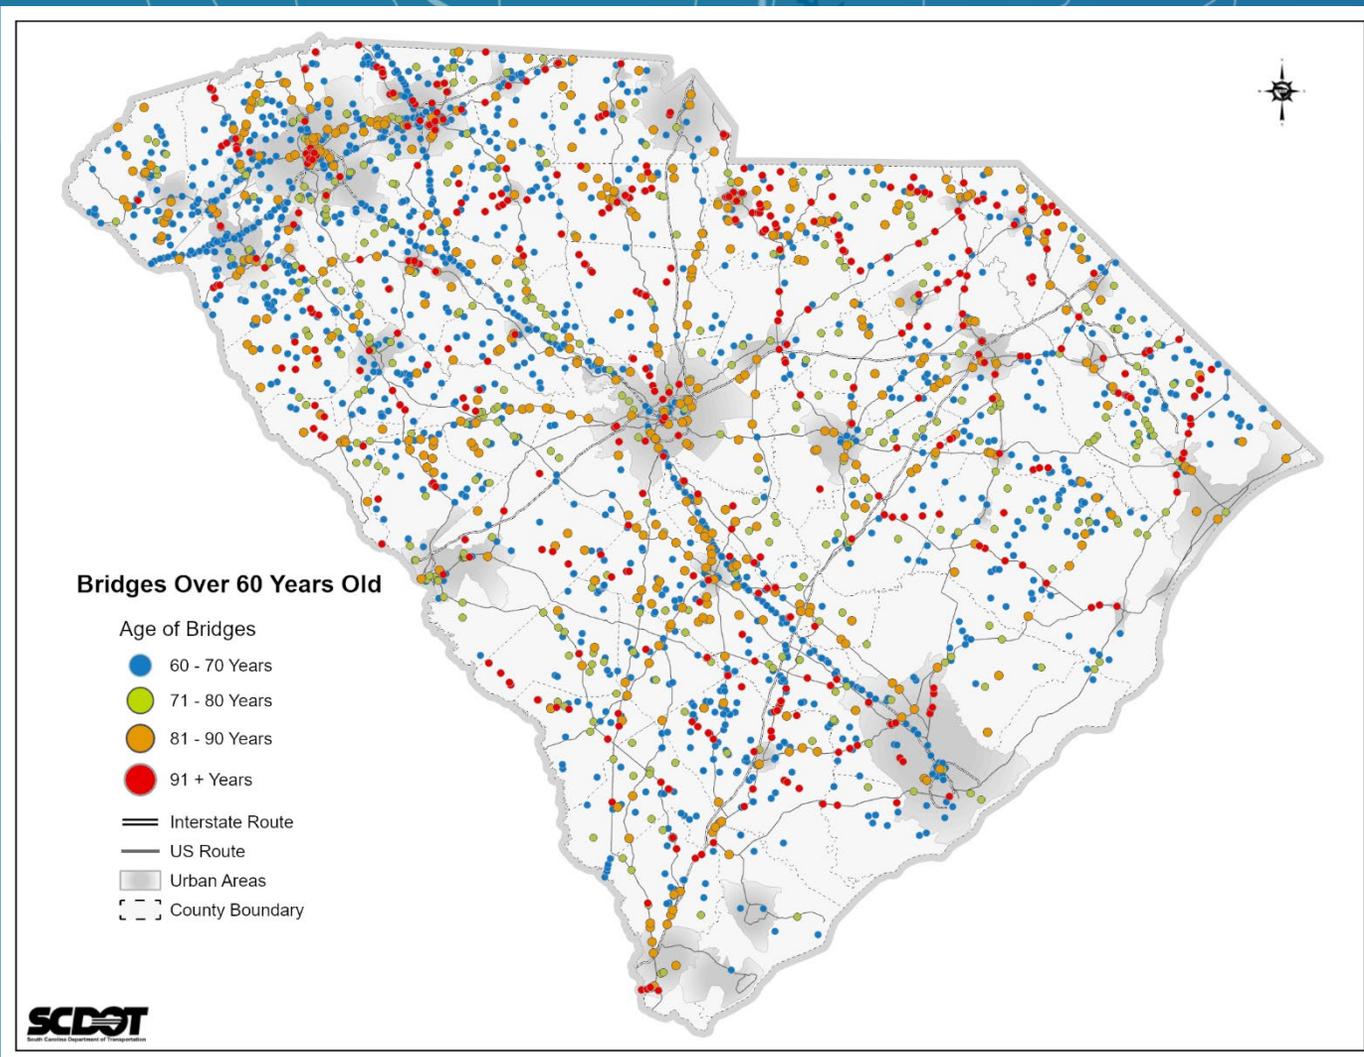

# A Looming Bridge Crisis

# Bridges Must Remain a Focus in Coming Years

The \$200M provided by the General Assembly was a down payment.

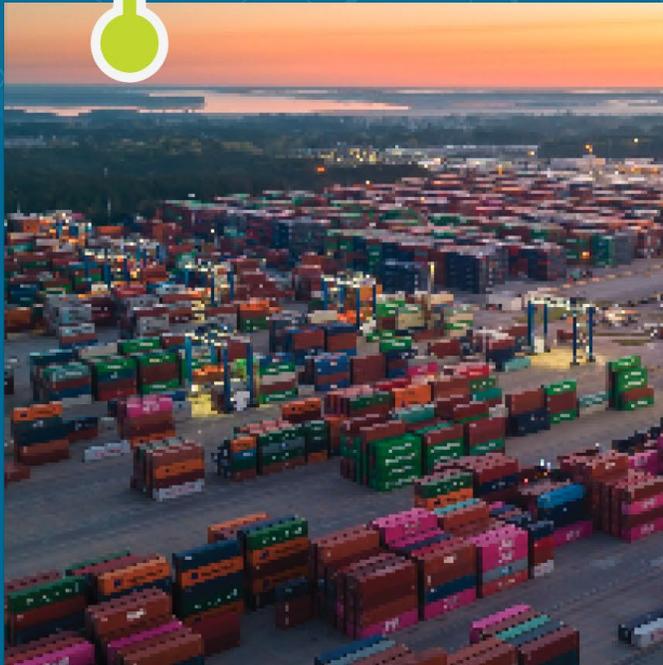

We must continue to focus on investing in bridges to keep the momentum of the 10-Year Plan.
